

The Institute of Health Economics, Faculty of Economics, invites applications for the position of a

## **Student / Research Assistant (m/f/d) (20 hours/month)**

to be filled from November 2023. The position is limited to 6 months. A longer-term employment is desired. Ideally, you are willing to work approximately 5 hours per week (i.e. 20 hours per month), but the number of hours can be arranged individually.

The student / research assistant will primarily support third-party funded research projects of a team of researchers from Leibniz University Hannover, the University of Bonn and the German Institute of Development and Sustainability (IDOS). The projects focus on the evaluation of the introduction of a national health insurance as well as an inheritance reform in Ghana.

This call is open to students of all disciplines with an interest in economics and health/development economics. We offer the possibility to work remotely. Laptop or PC must be organized independently in this case.

### **Task description**

- Supporting research projects, in particular on the introduction of a national health insurance scheme and inheritance reform in Ghana
- Research, acquisition and management of literature and other context-specific information
- Support in researching and, if necessary, preparing and processing data
- Administrative and organizational support for the research projects as well as for general activities of the Institute of Health Economics, if required

### **Requirements**

- Being enrolled at a German university is a prerequisite for employment
- Interest in research and scientific work
- At least good knowledge of English
- Good knowledge of Microsoft Office programs (e.g. Excel)
- In addition, knowledge of a statistical program (e.g. Stata, R or Python) is desirable
- A responsible and independent way of working
- An interest in health and development economics issues
- A completed bachelor's degree is an advantage, but not required

We offer a friendly, research-oriented working environment and opportunities for telecommuting as well as flexible working hours. Preference will be given to equally-qualified applicants with disabilities.
